Experience

EPAM Systems   **Jan 2024 - present**
Junior Software Test Automation Engineer (Intern)
- Developed and implemented automated test scripts using Java, Selenium, TestNG, and Rest Assured to ensure comprehensive test coverage across both UI and API layers.
- Built and maintained test automation frameworks that integrated with Jenkins CI/CD pipeline, enabling continuous testing and faster feedback loops in an Agile environment.
- Collaborated with cross-functional teams to identify test requirements, design BDD test scenarios, and track defects using JIRA, improving communication between technical and business stakeholders

Indreni Social Development Forum (NGO), Remote ✎   **May 2024 - November 2024**
Web Developer
- Developed a scalable NGO website using the MERN stack with a responsive UI styled in Tailwind CSS and image storage via Cloudinary.
- Built a secure admin panel for managing content such as images, announcements, and project details.
- Used Git and GitHub for version control and collaborative development.

Projects

RoboWars | *TailwindCSS, ReactJS, ShadCN, Framer Motion* ✎
- Developed a registration website using ReactJS and Tailwind CSS to promote and manage registrations for a Robot WarsEvent at Chandigarh University.
- Implemented captivating animations using Framer Motion to enhance user engagement and experience.
- Optimized the interface with ShadCN, achieving a 50 percent increase in page responsiveness and user satisfaction scores.

Techeify | *Express.js, ReactJS, TailwindCSS, React Query* ✎
- Created using React.js and Tailwind CSS, ensuring a modern and responsive design for seamless navigation and engagement.
- Utilized React Query for efficient API request caching, restricting server hits to once every 2 hours to optimize server performance and user experience.
- Implemented an Express.js proxy server to seamlessly transmit backend requests to the frontend, circumventing CORS issues for enhanced data transfer reliability.

Education

Bachelor of Engineering in Computer Science & Engineering   **2021 − 2025**
Chandigarh University   *CGPA − 8.24/10*

Technical Skills

Languages: Java, C++, Javascript
Developer Tools: Git, Github, JIRA, Jenkins, Gherkin, Gitlab
Technologies/Frameworks: NodeJS, ReactJS, ExpressJS, MongoDB, SQL, AWS, CI/CD, TestNG, Selenium WebDriver, RestAssured, Cucumber

Achievements

Coding Ninjas | Expert | Max Rating - **1687** | ✎ Profile
Codechef | Country Rank: **22** | Max Rating - **1443** | ✎ Profile
GFG | University Rank: **511** | ✎ Profile
Leetcode | Max Rating - **1598** | ✎ Profile

Certifications

Programming in Java Through NPTEL | **2022** | ✎ Certificate
Associate Cloud Engineer Path Through Google Cloud Platform (GCP) | **2023** | ✎ Certificate
Serverless Knowledge Badge Assessment | **2025** | ✎ Certificate
